ANUDIP FOUNDATION

## PROFILE

Enthusiastic Full Stack Java Developer with a solid foundation in Java, Spring Boot, React.js, MySQL, MongoDB, JDBC, Hibernate, HTML, CSS, and JavaScript. Recent graduate with a keen interest in crafting innovative solutions to enhance user experiences. Quick learner, adaptable to new technologies, and committed to delivering high-quality code. Eager to contribute to dynamic development teams and drive project success in a challenging environment.

## TRAINING

### JAVA BACKEND TRAINEE

Anudip Foundation

FEB 2024 - MAR 2024

- Learned core Java, advance Java, JSP, JDBC, Hibernate, Spring Boot
- Spearheaded the development of a Hospital Management System with Java, Hibernate, and MySQL, integrating patient management, appointment scheduling, billing, and inventory features.
- Applied advanced Java concepts and design patterns to ensure scalability and maintainability, enhancing system efficiency and user experience.

### FULL STACK WEB DEVELOPER TRAINEE

PW SKILLS

SEP 2023 - DEC 2023

- Completed comprehensive training in Full Stack Web Development, covering both frontend and backend technology.
- Acquired proficiency in the MERN stack (MongoDB, Express.js, React.js, Node.js) for building modern web application.

## PROJECTS

### REAL TIME CHAT APPLICATION

[Project Link](#)

Personal Project

- Developed a real-time chat application using Java Spring Boot, React.js, and Socket.IO for instant messaging, integrating user authentication and online status indicators.
- Implemented features for real-time messaging, user authentication, and online status indicators, leveraging React.js for a responsive and interactive frontend.

### SPOTIFY CLONE

[Project Link](#)

Personal Project

- Designed and developed a Spotify clone using HTML, CSS, and JavaScript, showcasing proficiency in frontend development and user interface design.
- Implemented core functionalities such as music playback controls, playlist management, and responsive layout design to emulate the user experience of the Spotify platform.
